## HOW TO USE THIS LIST

This list gives the publications of the U.S. Department of Agriculture currently available as of July, 1976. Department publications are intended primarily for farmers, consumers, homemakers, suburbanites, research workers, teachers, and others who are interested in agriculture or related subjects.

**SECTION I** tells how to order free publications from the Department and publications that are for sale from the Government Printing Office.

**SECTION II** gives titles of publications, classified by subject matter.

**SECTION III** is an alphabetical listing of subjects and a ready reference to titles.

**SECTION IV** is an alphabetical listing of publication titles.

For published reports of State agricultural colleges and State agricultural experiment stations, write directly to the station concerned. Addresses are available from the Office of Communication on request.

### GENERAL INFORMATION

#### HOW TO OBTAIN FREE PUBLICATIONS

Publications are free, as long as the supply lasts, unless listed as being For Sale Only. On general requests not more than one copy each of 10 publications is allowed. Justification is required if more are requested. Use the following instructions as a guide.

##### **Educational Institutions**

Libraries and instructors may obtain one each of as many as 100 free publications. Justification is required if more are ordered. The Department is unable to supply them in quantity for individual textbook use.

##### **Extension Workers**

Please follow instructions from your State Extension Distribution Officer, at the State office.

*When requesting popular booklets for the public (Farmers' Bulletins, Leaflets, and Home and Garden Bulletins), use your copy of the Annual Inventory of USDA Popular Publications and monthly supplements for the most recent titles.*

##### **Foreign Governments, Institutions, Residents, Private Agencies**

No publications issued by the Department of Agriculture will be sent regularly free of charge to any foreign government, institution, resident or private agency unless exchange arrangements have been made by the Director of the National Agricultural Library of the Department of Agriculture, who will be glad to arrange for such exchange of publications. All inquiries concerning exchange should be addressed to the National Agricultural Library, Exchange Section/Procurement, Beltsville, Maryland 20705. Copies of any listed publication may be purchased from the Superintendent of Documents in accordance with the instructions under **How To Order "For Sale Only" Publications**.

##### **Government Agencies and Cooperators (Federal, State, county, and local)**

Library and office copies of free publications may be obtained when needed. Consideration will also be given to quantity requests if effective distribution can be assured.

##### **Libraries (State or Public)**

One copy each of any free publication needed.

##### **Organizations (commercial)**

One copy each of free publications will be furnished to libraries on request. Not more than one copy each of 10 publications is allowed on other requests. If more are desired it is requested that they be purchased. Prices will be quoted on request from the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

### **Organizations (nonprofit)**

Library or office copies of free publications will be furnished on request. Consideration will also be given to quantity requests if effective distribution can be assured.

### **Press**

Library and review copies of free publications will be furnished on request. Justification is required if more than 50 are ordered. Publications cannot be furnished for redistribution. Before publicizing a publication please obtain permission from the Office of Communication; otherwise the supply on hand might not be sufficient to meet the demand.

### **Public**

Not more than one each of 10 publications is allowed unless justification is given.

### **Radio and Television Stations**

Library and review copies of free publications will be furnished on request. Justification is required if more than 50 are ordered. Publications cannot be furnished for redistribution. Before publicizing a publication please obtain permission from the Office of Communication; otherwise the supply on hand might not be sufficient to meet the demand.

### **Teachers**

Libraries and instructors may obtain as many as one each of 100 free publications. Justification is required if more are ordered. The Department is unable to supply them in quantity for individual textbook use.

## **HOW TO ORDER**

After consulting the guidelines listed above, write your name and address plainly on your order. Postal regulations require the Department to use ZIP CODES. Please include YOUR ZIP CODE to insure delivery of the publications requested. Send orders for free publications to the Publications Division, Office of Communication, U.S. Department of Agriculture, Washington, D.C. 20250. Give the title of bulletin and series number. To hasten action on your request, use post card, group the publications by the number and letter and list numerically. See sample order below.

<b>Sample Order:</b> Catfish farming.	F 2260
Selecting and using electric motors.	F 2257
Trout farming.	L 552
Roses for the home.	G 25
How to buy fresh vegetables.	G 143
Wheat in the United States.	AB 396
Four-bedroom house with split level.	M 1294
Cattle kill-floor efficiency.	MRR 1056

NOTE.—Publications listed under COOPERATIVES—FARMER should be ordered directly from the Farmer Cooperative Service, U.S. Department of Agriculture, Washington, D.C. 20250.

## **HOW TO ORDER "FOR SALE ONLY" PUBLICATIONS**

Prices of publications listed as being "For Sale Only" can be obtained by contacting the Superintendent of Documents. Do not send request or payment to the Department of Agriculture. Instead, send order and remittance to the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402. Remittances can be made by coupons which are sold by the Superintendent of Documents in the denomination of 5¢, postal money order, express order, or personal check. Currency may be sent at sender's risk.

Persons who make frequent purchases from the Superintendent of Documents may find a deposit account convenient. Deposits of \$25.00 or more are accepted whereby orders may be placed without making individual remittances or first obtaining quotations. Order blanks are furnished for this purpose. Sufficient deposit to take care of publications ordered must be on hand at all times.

No additional amount for postage is required for shipment within the United States, its territories, Canada, Mexico, and all Central and South American countries except as hereafter noted. For shipment to all other foreign countries, and to Argentina, Brazil, Guyana (formerly British Guiana), French Guiana, Dutch Guiana (Surinam), and British Honduras, it is necessary to include an additional one-fourth of the total cost of publications ordered to cover foreign postage. Remittances from foreign countries should be by international money order payable to the Superintendent of Documents or draft on an American bank. Foreign money and postage stamps are not acceptable. **Exception: When subscribing for a periodical do not send postage, as this is provided for in the foreign subscription price.**

A discount of 25 percent is allowed to authorized book dealers and to purchasers of 100 or more copies of one publication on condition that the purchasers will adhere to the public sale price set by the Superintendent of Documents and that publications shall not be overprinted with any advertising matter.

## **PUBLICATIONS NO LONGER AVAILABLE**

Publications of the Department no longer in print may be consulted in public or university libraries maintaining government publications. Many of these libraries carry fairly complete files of Department of Agriculture publications. If the one nearest you is at any distance, time might be saved if you communicate with the library concerning the publications you want to consult before making a trip.

## **MICROFILMS AND XEROX**

Microfilm and xerox copies of any Department publication in the Library's collection may be bought from the National Agricultural Library, U.S. Department of Agriculture, Beltsville, Maryland 20705. The Library's order form, available upon request, should be used in ordering. All charges are payable in advance. Credit may be extended Government agencies and institutions upon request. Payments should be made by check or money order payable to the "National Agricultural Library." Currency is sent at the sender's risk. Payment for orders originating outside the United States should be made by international money order, or by draft on a bank in the United States. National Agricultural Library coupons (obtainable from the Library at \$1.00 each) and UNESCO book coupons are acceptable.

Microfilm: \$1.00 for each 30 pages or fraction thereof from a single article or book.

Xerox: 1-10 pages for \$1.00; rates are based on per article.

## **DESCRIPTION OF SERIES**

### **AGRICULTURAL ECONOMICS REPORTS**

Semipopular or semitechnical reports on production, marketing, and use of agricultural products for professional and technical workers.

### **AGRICULTURE HANDBOOKS**

Information for ready reference, such as manuals, guidebooks, specifications, glossaries, and list of plants or animals, for professional and technical workers.

### **AGRICULTURE INFORMATION BULLETINS**

Subject matter of interest to people and groups throughout the American public — urban as well as rural.

### **CONSERVATION RESEARCH REPORTS**

Reports of conservation research, including reports on less complete research projects than are reported in the Technical Bulletin series.

### **FARMERS' BULLETINS**

Information of practical methods of applying the results of scientific research to farming in simple language.

## **FOREIGN AGRICULTURAL ECONOMIC REPORTS**

Semipopular or semitechnical reports with emphasis on keeping the nation's agricultural interest informed of current developments abroad in the supply, demand, and consumption of agricultural products.

## **FOREST RESOURCE REPORTS**

Economic information on forest resources.

## **HOME AND GARDEN BULLETINS**

Information on home and garden subjects for use by town and city as well as farm residents.

## **HOME ECONOMICS RESEARCH REPORTS**

Technical or semitechnical reports of home economics research for professional and technical workers in home economics and related fields.

## **LEAFLETS**

Popular material of the same general character as the Farmers' Bulletin series but in a briefer form.

## **MARKETING BULLETINS**

Popular presentations of information on agricultural marketing for the general public.

## **MARKETING RESEARCH REPORTS**

Results of marketing research in semitechnical or semipopular style.

## **MISCELLANEOUS PUBLICATIONS**

Both technical and nontechnical publications that do not conform to the size or type of material specified for the other series.

## **PRODUCTION RESEARCH REPORTS**

Semitechnical or semipopular reports of production research, with emphasis on the application of the information in the production of farm products.

## **PROGRAM AIDS**

Information on current farm programs for people affected by the programs.

## **PUBLISHED SOIL SURVEYS**

Soil surveys present a soil map of a county or area and a text that includes soil descriptions and important farm and nonfarm interpretations. Among the interpretations are land capability groupings, productivity ratings for trees, farm and horticultural crops, and soil ratings and limitations for town and country planning, dwellings, roads, sanitation, wildlife, recreation, and the like.

In addition, a technical discussion of soil morphology, the relation of soils to their environment, principles of soil classification, and a general description of the climate and other features significant to soil problems are included in soil surveys. Requests for a list of published soil surveys available in your state, or inquiries regarding these surveys, should be addressed to the State Office of the Soil Conservation Service in your state or to the Soil Conservation Service, U.S. Department of Agriculture, Washington, D.C. 20250.

## **SOIL SURVEY INVESTIGATIONS REPORTS**

Technical reports on soil investigations, including laboratory data and approved descriptions of individual soils.

## **STATISTICAL BULLETINS**

These publications consist mainly of tables of statistics on one or more closely related agricultural commodities. They may include statistics on production, movement from the farm, receipts at principal markets, reshipments, farm and market prices, exports and imports, and foreign production and prices. They are of particular interest to persons actually engaged in marketing, or any business affected by agricultural production and marketing.

## **TECHNICAL BULLETINS**

Technical Bulletins present results of research work carried on by the Department of Agriculture and its cooperators. They are written in technical language and are intended chiefly for distribution to scientists and specialists in the fields studied. Usually a comparatively small edition is printed which limits the number of copies that are available for free distribution.

## **UTILIZATION RESEARCH REPORTS**

Semitechnical or semipopular reports, with emphasis on the application of the information in the utilization of farm products.

## **YEARBOOK OF AGRICULTURE**

An annual publication devoted to articles on agricultural problems, new developments in agriculture, and research findings.

## **AGRICULTURAL STATISTICS**

The annual statistical compendium issued by the Department covering virtually all phases of agriculture.

## **OTHER SERIES**

Series other than above have been either discontinued or are issued by agencies of the Department to meet their individual needs. Descriptions of periodicals appear in Section II.

## PERIODICALS

**NOTE.—Foreign governments, institutions, private agencies:** No publications issued by the Department of Agriculture will be sent regularly free of charge to any foreign government, institution, or private agency unless exchange arrangements are made with the National Agricultural Library. All inquiries concerning exchange should be addressed to the National Agricultural Library, Exchange Section/Procurement, Beltsville, Maryland 20705.

### AGRICULTURAL ECONOMICS RESEARCH

**Content.**—This quarterly, published by the Economic Research Service, contains technical articles which deal with methods, results, and findings of research in agricultural economics, statistics, and marketing.

**Free distribution** is limited chiefly to professional workers in the field of agricultural economics. Apply to Division of Information, Economic Research Service, U.S. Department of Agriculture, Washington, D.C. 20250.

**Sales distribution.** Single copies, \$1.00 each; domestic subscription, \$3.85 a year; foreign subscription, \$4.85 a year. When remitting for a subscription to be sent to a foreign country do not include postage. Send request and remittance to the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

### AGRICULTURAL OUTLOOK

**Content.**—A monthly update and analysis of the developments affecting the outlook for the U.S. food and fiber economy. Published 11 times a year, with a combined January-February issue, the report highlights the major interrelated developments in farming, input industries, and produce marketing and discusses potential impact upon U.S. agriculture and the consumer.

**Distribution.**—Subscription price per year is \$19.50 domestic and \$24.40 foreign mailing. Order by check or money order from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

### AGRICULTURAL RESEARCH

**Content.**—This monthly illustrated periodical is designed to report current research findings to those who work directly with farmers, processors, marketing agencies, and the general public.

**Free distribution**, which is limited, includes extension workers, vocational agriculture teachers, other Federal and State workers, industrial research directors, advisory committees, farm organizations, press and radio, and trade associations. Apply to Agricultural Research Service, U.S. Department of Agriculture, Washington, D.C. 20250.

When remitting for a subscription to be sent to a foreign country, do not include postage. Send request and remittance to the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

### AGRICULTURAL SITUATION

**Content.**—This monthly magazine contains brief reports of current marketing and economic developments affecting farmers. It is designed for those interested in agriculture from a nontechnical standpoint.

**Free distribution** is limited to voluntary, unpaid crop, livestock, and price reporters, county agents and other local agricultural workers, and to libraries, the press, and Government officials. Apply to Information Staff, Statistical Reporting Service, U.S. Department of Agriculture, Washington, D.C. 20250.

**Sales distribution.**—Single copies, 30¢ each; domestic subscription, \$3.30 a year; foreign subscription, \$4.15 a year. When remitting for a subscription to be sent to a foreign country do not include postage. Send request and remittance to the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

## AGRICULTURE DECISIONS

**Content.**—This monthly official publication makes available to the public decisions of the Secretary of Agriculture under regulatory laws administered in the United States Department of Agriculture. The decisions may be described generally as decisions which are made in proceedings of a quasi-judicial (as contrasted with quasi-legislative) nature, and which, under the applicable statutes can be made only after notice and hearing or opportunity for hearing have been given. Current court decisions involving the regulatory laws administered by the Department are included in this publication. An annual Index-Digest and Subject-Index of both the agriculture decisions and court decisions, list of decisions reported, and other tables will be found at the end of each December issue.

**Free distribution** is limited to individuals and collaborators engaged in regulatory work. Apply to the Agricultural Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250.

**Sales distribution.**—Price of single copy varies depending on size; domestic subscription, \$22.95 a year; foreign subscription \$28.70 a year. When remitting for a subscription to be sent to a foreign country do not include postage. Send request and remittance to the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

## AMS FOOD PURCHASES

**Content.**—Weekly summary of foods purchased by AMS for USDA's Direct Food Distribution Programs.

**Distribution.**—Free distribution is provided to anyone requesting to be placed on the mailing list. Address requests to Information Division, AMS, USDA, Washington, D.C. 20250.

## BIMONTHLY LIST OF PUBLICATIONS AND VISUALS

**Content.**—This list is issued every other month. It gives the title of each printed publication issued by the Department during the preceding months. It also lists and describes any motion pictures released.

**Distribution** is free. This list will be sent to anyone who requests it. Apply to the Office of Communication, U.S. Department of Agriculture, Washington, D.C. 20250.

## CHECKLIST OF REPORTS

**Content.**—The checklist of reports issued by the Economic Research Service, the Rural Development Service, and the Statistical Reporting Service lists agricultural economics publications issued during the previous month. Periodicals are not included, except for annual statistical compilations.

**Free distribution.**—For sample copies or addition to the mailing list, write to Division of Information, Economic Research Service, U.S. Department of Agriculture, Washington, D.C. 20250.

## EXTENSION SERVICE REVIEW

**Content.**—The Extension Service Review is issued bi-monthly by the Extension Service, USDA, for Department of Agriculture employees and cooperators who are engaged in Extension activities. The Review provides Extension workers a forum for exchange of innovative and successful program ideas and teaching methods. It is a source of useful information on how to reach people and motivate them to farm more efficiently, make the home and community a better place to live and work, and cooperate in out-of-school learning experiences for youth.

**Free distribution** is limited to Extension workers. Apply to the Extension Service, U.S. Department of Agriculture, Washington, D.C. 20250.

**Sales distribution.**—Single copies, 60¢; domestic subscription, \$3.60 a year; foreign subscription, \$4.50 a year. When remitting for a subscription to be sent to a foreign country, do not include postage. Send request and remittance to the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

## FARM COSTS AND RETURNS AND EFFICIENCY REPORTS

**Content.**—*Changes in Farm Production and Efficiency*, an annual publication, presents major statistical series on farm production, production inputs, and efficiency, and provides in one place the latest

information on production trends, changes in farm inputs and practices, uses of cropland, labor productivity, and farm mechanization. Five supplements give data by farm production regions. *Livestock-Feed Relationships, National and State*, also an annual, gives data reflecting aggregate changes in feed utilization by kinds of livestock due to feeding practices, changes in livestock and poultry numbers, and supply situations for major types of feedstuffs. An index relating high-protein feed consumption is measured in high-protein animal units. Surplus and deficit feed grain balances by geographic areas are also shown for the three most recent years.

**Distribution.** — Free in the United States. Send requests to Division of Information, Economic Research Service, U.S. Department of Agriculture, Washington, D.C. 20250.

**No free distribution.**

**Sales distribution.**—Single copies, \$5.90 each; domestic subscription \$35.10 a year; foreign subscription \$43.90 a year. When remitting for a subscription to be sent to a foreign country do not include postage. Send request and remittance to the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

## HOW TO OBTAIN VISUAL AIDS

### MOTION PICTURES

The motion pictures produced by the Motion Picture Division, Office of Communication, Department of Agriculture, are informational and instructional. They are designed to aid in disseminating information on agricultural products, their production, distribution and utilization. They demonstrate improved

methods in agriculture and home economics, stress the need for conservation of soil, forests, and other resources, explain the production credit system, forestry, land use, marketing, rural electrification, and kindred subjects, and help to increase the effectiveness of cooperative extension work.

Films may be rented or purchased from the National Archives and Records Service, National Audio-visual Center, Washington, D.C. 20409.

### **FILMSTRIPS AND SLIDE SERIES**

Filmstrips and slide series cover a variety of agricultural and other home economics subjects, and are accompanied by supplementary notes for lecture use. A price list of available filmstrips and slide series, which are for sale only, may be obtained from the Photography Division, Office of Communication, U.S. Department of Agriculture, Washington, D.C. 20250.

### **PHOTOGRAPHS**

Reproductions of photographs which have been obtained in connection with authorized work may be purchased from the Department. Prices for prints and enlargements will be quoted upon request. However, no reproductions will be made for applicants, other than Federal agencies, until payment for them has been received. A minimum charge of \$1.00 is made on all orders.

A price list of photographs of drawings of crop seeds and seedlings may be obtained from the Photography Division, Office of Communication, U.S. Department of Agriculture, Washington, D.C. 20250.

The Department will not furnish reproductions when it is believed that they may be used to show, by implication or otherwise, that the Department endorses any commercial product.

When ordering photographs of illustrations appearing in Department publications the negative number, if shown, title, and date of issuance of each publication should be given. Requests should be addressed to the Photography Division, Office of Communication, U.S. Department of Agriculture, Washington, D.C. 20250.
